October 7, 2004

To: All Interested Parties

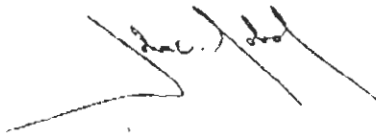

Ref: **WBA Corp. Expansion Joints**  
**Wabo®WeatherSeam – LEED Products**

Please allow this letter to address inquiries recently received from interested parties in the construction industry who design and/or build to LEED standards. The inquiries are specific to Watson Bowman Acme's Wabo®WeatherSeam Expansion Joint System and the use of recycled materials during manufacturing.

This letter is to advise those interested parties that Watson Bowman Acme's Wabo®WeatherSeam system contains both visual and functional elastomeric profiles extruded from thermoplastic materials. These raw materials contains up to a maximum 30 percent recycled regrind materials. Actual percentage utilized will vary by production run.

Should you have any questions please do not hesitate to call my office

Kind Regards,

John E. Sobol  
Business Segment Manager – Architectural
