Re: MSDS for Mechanical Anchors

Dear Valued Customer:

Recently you requested a Material Safety Data Sheet (MSDS) to comply with the Federal OSHA Hazard Communication Standard 29 CFR 1910.1200. It is our interpretation of this standard that an MSDS is required only for the following products sold by Powers Fasteners, Inc.:

Powers AC100+ Gold Adhesive Cartridges  
Powers PE1000+ Adhesive Cartridges  
Powers T308+ Adhesive Cartridges  
Chem-Stud Adhesive Capsules  
Hammer-Capsule Adhesive Capsules  
PowerStick Adhesive Cartridge  
PowerFoam, TriggerFoam, TriggerFoam Cleaner  
Loads for Powder Actuated Tools  
Trak-It Fuel Cells  
Anchors containing Lead (Calk-In, Fiberplug & Scru-Lead)

Since your request was for a product other than those listed above, we believe that no MSDS is required. If you have any questions, please call our Engineering Department at (914)235-6300. Thank you for your interest in Powers Fasteners.

Very truly yours,

Powers Fasteners, Inc.
